COMMISSION/COMMITTEE

| COMMISSION/BOARD/COMMITTEE FOR WHICH YOU ARE APPLYING Energy, Environment, and Natural Resources Commission |
| Why are you interested in serving as a member of this commission / board / committee? I have spent the majority of my life working in various capacities as an engineer and have broad interest in how the world works. I have also been a hiker and camper since I was a child in Boy Scouts and this love for the outdoors has made me an "environmentalist", supporting conservation and respect for nature. I would hope to bring my experience, environmental concern, and the energy and time afforded to me by retirement to the needs of the City of Sierra and our community. |

| What specific attitudes, skills, and expertise do you think you have to enhance the work of the commission / board / committee? I have worked independently and on teams to accomplish complex projects for in house use and delivery to customers. I have experience in analyzing problems, breaking things down, and coming up with solutions. I've learned how to be part of a team working for a common goal. I've also learned how to do research for information needed to solve problems. My decades of interest in protecting the environment provides me with a body of knowledge that can inform the work that I do as a member of the Commission. |

| COMMISSION/BOARD/COMMITTEE FOR WHICH YOU ARE APPLYING <u>EENR</u> |
|---|

Why are you interested in serving as a member of this commission / board / committee?

I am deeply passionate about the environment. As a foothill community we face numerous threats from drought, wildfires, wildlife encroachment and rising energy prices. Building resiliency into our community will be vital to ensuring Sierra Madre is a wonderful place to live and raise a family for generations to come. I myself have solar panels, a xeriscape yard, tankless water heater and compost. We have work to do, but believe Sierra Madre can lead by example.

What specific attitudes, skills, and expertise do you think you have to enhance the work of the commission / board / committee?

As a Management Analyst at the SGVCOG I am deeply familiar with the role, running & potential of a commission. I myself am staff liaison for the SGVCOG's Homelessness Working Group and often attend our own EENR Committee. I plan to bring ideas that are working regionally to our wonderful City of Sierra Madre.
